Your Premier Plan covers practically all factory-installed mechanical and electrical operating parts. The few items not covered are mostly those involved in scheduled services and normal wear and tear, such as:

- Regular maintenance services as recommended by the manufacturer
- Normal maintenance parts and services such as engine tune-ups, batteries, filters, fluids, A/C refrigerant, hoses and belts, wiper blades, brake pads, tires, wheels and balancing, exhaust system, catalytic converter, and manual clutch components
- Window glass, head lamps, trim, moldings, upholstery, convertible tops, paint, sheet metal & flexible body parts, bumpers, door panels & handles, structural framework
- Aftermarket accessories or equipment not installed by the manufacturer
- Repairs to meet emissions standards
- Hybrid vehicle battery

Listed items are general guidelines only. Please see contract for complete details. A form of contract can be obtained by contacting your dealer or a PWI representative.
